Why are you being asked to complete a Statewide Survey? In order for all students to graduate prepared to achieve a lifetime of success, families need to be an important part of the school team. It is critical that the GaDOE assist us in partnering with families to raise the achievement rate for students with disabilities. Completing this survey will assist in achieving this goal.

How is this different from the surveys distributed earlier? The earlier survey was for all parents/guardians of all students in the state. This one is specifically for all parents/guardians who have a child on an IEP.

What will be done with the information collected? GaDOE Division of Special Education will work collaboratively with Parent to Parent of Georgia (P2P), the statewide Parent Training Information Center, to identify needs in family involvement within the state and local districts based on statewide survey results.

Who will see your answers? Individual answers are kept confidential. The GaDOE has contracted with evaluators at the Georgia Center for Assessment (GCA) to guarantee confidentiality. Each response will be coded by a number – not a name.

How do you complete the survey? You may complete the survey online in English and Spanish at http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Special-Education-Services/Pages/Parent-Survey.aspx If you do not have access to take the online survey, please contact your Parent Mentor for a “paper” copy of the survey. For DISTRICT, scroll down to STATE SCHOOLS. You will then see GEORGIA ACADEMY FOR THE BLIND drop down on the list of the three State Schools.

Why do you want to know my child’s ethnicity & disability? Geographic area, ethnicity, and disability group data is collected to ensure the results are valid and reflect the overall demographics of the state. Be sure to indicate ethnicity as requested.

Who do you contact for help with completing the survey? Your Parent Mentor, Sonya Milam stands ready to assist you! Smilam@doe.k12.ga.us 478-262-3303

What’s for supper in the Transition Cottage?

We’re 100 days smarter!

In addition to the engaging hands on math activities (such as sorting 10 groups of 10 as show here) on the 100th day of school, we pretended to be 100 years old!

Donna Han and fellow volunteers from Wesleyan College’s Confucius Center visited students last week prior to their celebration of the Chinese New Year. The students were presented with information on the holiday that they celebrated on Saturday, January 28.

We learned the words to a Chinese song and many Chinese words in addition to facts about the Chinese zodiac.

Our guests presented us with traditional decor and symbols of the holiday such as lanterns, red envelopes, and couplets. To top it off we were given special keychains and a traditional rice cake treat. We thank the Confucius Center for the generous gift of this cultural experience. We gifted each of our guests with a plant from our Green House.

The bell rings at 3:00, and our teaching staff continues their own learning! Expanding a ten-year relationship in professional learning to keep the faculty and staff at the Georgia Academy for the Blind national frontrunners in the areas of essential assessments, sensory learning, project based learning, and curriculum planning, consultants Nancy Toelle of the Texas School for the Blind and Dr. Karen Blankenship of Vanderbilt University are spending three days in seminar with teachers, paraprofessionals, related service providers, and residential advisers. There are no favorites on this awesome staff, but our residential advisers rock! Nancy and Karen travel to many, many schools for the blind, and they are exceptionally complimentary of our residential advisers’ eagerness to practice the independent skills that are learned in the instructional day with our students. Our students are in good hands all day and all night!
