SMOKEY POWELL CLINIC COVID-19 GUIDELINES

What to expect:

• A questionnaire will be completed by the TVI/Caregiver prior to entering the clinic.
• All equipment will be sanitized during and between each appointment.
• The student & one caregiver may attend. The TVI will have an option to attend virtually. The clinic is setup for social distancing. (Ex: 1 student, 1 parent, 1 TVI).
• No one will be allowed in the lobby waiting room area.
• Masks will be required upon entering the building and during clinical evaluation (SPC will provide Personal Protective Equipment (PPE)).

Upon entering SPC and the low vision clinic:

1. If experiencing cold or flu-like symptoms or have a temperature at or above 100 degrees do not come to the office.
   a. Instruct TVI to call ahead if you or your student feel sick, have red eyes (conjunctivitis) or have concerns based on the form filled out 24hrs prior.
2. When you arrive, please contact Heather at 478-737-5532 so we are aware you have arrived.
   a. You will remain in your vehicle until notified when to come to the SPC door for check in prior to entering the building. (Please make sure we have your cell phone number to contact you)
3. Once notified, prior to entering the building, you will be asked the Covid-19 questions.
4. Please have your mask on during your check in and prior to entering the building
5. Maintain and practice social distancing.
6. Handwashing is required upon entering the building for at least 20 seconds. (Hand sanitizer or soap will be provided).

Questions

Questions SPC staff will ask participants (students, parent, teacher) before entering the building. Information will be placed in student’s folder.

• Have you experienced any of the following in the past 24 hours:
• Feeling feverish or have a measured temperature greater than or equal to 100 degrees
• Cough (not related to allergies or other chronic conditions you may have)
• Shortness of breath or difficulty breathing
• Chills
• Repeated shaking with chills
• Muscle pain (not related to other health conditions you may have)
• Headache/body aches (not related to allergies or other chronic conditions you may have)
• Sore throat (not related to allergies or other chronic conditions you may have)
• Diarrhea
• Loss of taste or smell
• Have you been exposed to someone being tested for or who has tested positive for COVID-19 or who has symptoms compatible with COVID-19?
• Are any members of your household or anyone that you have recently had close contact with on quarantine for exposure to COVID-19?
