Parent Occupational Survey

The Migrant Education Program (MEP) is a federally-funded program designed to support comprehensive educational programs for migrant children to help reduce the educational disruption and other problems that result from repeated moves.

The purpose of this program is to ensure that the special educational needs of migrant children are identified and addressed. This program supports high-quality and comprehensive educational programs for migrant children in order to help reduce the educational disruptions and other education related problems that result from frequent moves. This program also attempts to ensure that migrant students who move between states are not put at a disadvantage because of disparities in curriculum, graduation requirements, content, and student academic achievement standards.

Student Name:

1. Has anyone in your household moved in order to work in another city, county, or state, in the last three (3) years? ___ Yes ___ No

2. Has anyone in your household been involved in one of the following occupations, either full or part-time or temporarily during the last three (3) years? ___ Yes ___ No

If you answer "yes", check all that apply:
