Thanks to all who completed the School Climate Survey!
Now we need your help again for a second important survey!

This second survey is just for parents/guardians of children receiving Special Education services in Georgia. In order for all students to graduate prepared to achieve a lifetime of success, families need to be an important part of the school team. It is critical that the GaDOE assist us in partnering with families to raise the achievement rate for students with disabilities. Completing each of these surveys will assist in achieving this goal. It measures the satisfaction of parents/guardians. It contains 10 questions and it has been reported to take only 5 minutes to complete. This parent satisfaction survey can be found here: http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Special-Education-Services/Pages/Parent-Survey.aspx. Deadline is April 14.

When you see DISTRICT, scroll down to STATE SCHOOLS. You will then see GEORGIA ACADEMY FOR THE BLIND drop down on the list of the three State Schools.

Who do you contact for help with completing the survey? Your Parent Mentor, Sonya Milam stands ready to assist you! Smilam@doe.k12.ga.us 478-262-3303

Help Still Needed!

To ALL Graduating Seniors: You have an opportunity to apply for a scholarship that is being offered through the Georgia Foundation for Public Education Scholars Program. The deadline for the application is Tuesday, March 21. Please contact Mrs. Keith at mkeith@doe.k12.ga.us for further information. Applications can be picked up in Brittany Jackson’s office.

Check this out! Our library is now on Twitter! Follow us: @gab_library

Families of Special Olympians: forms need to be turned in by Friday March 17 so we can get a count of how many t-shirts to order. If they turn in their forms after this date they will not receive a t-shirt. Contact Mrs. McDavid if you have any questions! KimFord@doe.k12.ga.us

Character Education
Word of the quarter: COMMITMENT The obligation or pledge to carry out some action or to support someone.

Word of the week: MOTIVATION The strong desire and action towards a goal

“Well done” is better than “well said”.
~ Benjamin Franklin
Above: High School art students traveled to Georgia College and State University in Milledgeville to tour their art department and learn about Cyanotype, a photographic printing process that produces a cyan-blue print using sunlight and safe chemicals. We can’t wait to show off the finished product at the Art Show on March 24!

Below: On Wednesday, March 1, twelve GAB students and four GAB staff, along with VR Counselor Kathryn Edger, departed Macon on an overnight transition trip. The trip was designed to give students practical experience to demonstrate their ECC skills and to tour an industrial manufacturing plant, Georgia Industries for the Blind, in Bainbridge Georgia. Students were chosen to participate based on their expressed interests in possible employment in manufacturing, or in their living proximity to Bainbridge. The tour was conducted March 2, and students were shown the various aspects of the plant, as well as given information on employment. Pillows, reflective vests, and t-shirts are among the products currently being produced at GIB. Because it is a federally contracted facility, 75% of the employees are required to have a visual impairment of 20/200. Additionally, as a state worker, employees enjoy a full range of benefits, including sick and annual leave, and retirement. Georgia Industries for the Blind would be a great workplace for GAB graduates! To learn more, visit http://gvs.georgia.gov/georgia-industries-blind

Yes, this IS happening! Graduate portraits were taken Tuesday!

Graduation is May 26.

Why Attend a Transition Conference? A Parent’s View

On Saturday, March 4, GAB eight grader Caden Washington and his mother attended Middle Georgia's Self Determination Conference, a transition fair at the Anderson Goodwill Conference Center in Macon sponsored by Middle Georgia RESA. While Caden learned about cyber safety, making healthy choices, dressing for success, setting goals and self-advocating, his mother learned how to access Vocational Rehabilitation, Medicaid Waivers, and accommodations in post-secondary options of school and work. Both Caden and his mother “mapped out” a dream for Caden then shared their responses with each other. Following are statements from Caden’s mother after the conference:

I learned about this conference through e-mail and from a postcard sent from GAB. I attended this conference in hopes to get an early start on my son’s future and network with parents, sponsors, colleges, etc. I learned a lot as far as finding different resources and programs to assist my son along the way that most people weren’t aware of such as apps that can be used on the phone and medical and financial assistance. After the conference Caden told me he learned a lot about engaging and learning how to ask for help and understand his disability, strengths, and weaknesses. I would recommend all parents and their teenagers to attend a similar transition fair in their own community when offered and I will attend this one again.
